CUTTING TABLE SUITABLE FOR EX-TRACK® DEMO

Small, portable and sturdy table with water tank for cutting into the water (NOT underwater).

600 × 600 mm cutting area

1 year warranty
ON FRAME

Replaceable grid
Due to its construction, after use the grid can be easily removed and changed by one person. Replacing a grid was never easier.

Draining valve
The Cutting table suitable for EX-TRACK® DEMO is equipped with a G3/4 drain valve with hose fitting for fast water discharge.

Exceptionally portable
Due to its low weight (only 108kg) and built-in lockable wheels, the Cutting table suitable for EX-TRACK® DEMO is exceptionally portable.
