

A GLOBAL PROVIDER OF ENHANCED THERMAL CUTTING SOLUTIONS

EX-TRACK[®] MA-1 & MA-2

PORTABLE OXY-FUEL CUTTING TRACTORS

EX-TRACK[®] MA-1 and **MA-2** are portable oxy-fuel cutting tractors for cutting strips, doing a bevel or cutting a circles with a possibility to set stable cutting speed and direction of the movement. Thanks to these settings you are able to achieve great cut quality.

EX-TRACK[®] MA-1 contains one oxy-fuel torch.

EX-TRACK[®] MA-2 contains two oxy-fuel torches.

With the machine you will get a two pieces of straight rail with lenght 1,8 m. For a longer cuts you can order more rails as separate items.

With our circle rail you are able to cut circles with different diameters. Included oxy-fuel torches are determined for the cutting with propane.

JUST MOUNT IT AND CUT IT!

EX-TRACK® MA-1 package content

- EX-TRACK® MA-1 device body
- Torch holder assembly
- Fuel gas nut
- Oxygen gas nut
- Oxy-fuel tip (3 pcs)
- MA-1 cutting torch and circuit assembly
- Rack holder
- Horizontal gear rack
- Hose nipples (2 pcs)
- Open wrenches (2 pcs)
- Tractors straight rail 1,8 m (2 pcs) - not shown)
- Operator manual

EX-TRACK® MA-2 package content

- EX-TRACK® MA-2 device body
- Torch holder assembly
- Fuel gas nut
- Oxygen gas nut
- Oxy-fuel tip (6 pcs)
- MA-2 cutting torch and circuit assembly
- Rack holder
- Horizontal gear rack (longer)
- Hose nipples (2 pcs)
- Stabilization bar
- Stabilization weight
- Open wrenches (2 pcs)
- Tractors straight rail 1,8 m (2 pcs) - not shown)
- Operator manual

EX-TRACK® MA-1/ MA-2 specifications

INPUT VOLTAGE 230V AC / 50 Hz

DIMENSIONS 440 × 205 × 125 mm

WEIGHT 10 kg / dopsat MA2

CUTTING SPEED 80-800 mm /min

POSSIBLE CUTTING THICKNESS 10-150 mm of Mild steel

BEVELING up to 45°

POWER CORD 10 m

SCOPE OF DELIVERY EX-TRACK MA-1 (or MA-2) , 2 × straight rail 1,8 m, power cord 10 m, operator manual, oxy-fuel starting kit* with nozzles type #1, #2, #3, basic tool kit

*In case of order EX-TRACK MA-2 the oxy-fuel starting kit will be doubled
